#### Section

Book Review

Submission of a manuscript implies: that the work described is original, has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all co-authors, if any, as well as tacitly or explicitly by the responsible authorities at the institution where the work was carried out. Transfer of copyright to the University of Malaya becomes effective if and when the article is accepted for publication. The copyright covers the exclusive right to reproduce and distribute the article, including reprints, translations, photographic reproductions, microform, electronic form (offline and online) or other reproductions of similar

nature.

An author may self-archive the English language version of his/her article on his/her own website and his/her institution's repository; however he/she may not use the publisher's PDF version which is posted on [www.ijie.um.edu.my](http://www.ijie.um.edu.my). Furthermore, the author may only post his/her version, provided acknowledgement is given to the original source of publication and a link must be accompanied by the following text: "The original publication is available at [www.ijie.um.edu.my](http://www.ijie.um.edu.my)".

All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and redistribute the article (e.g. as offprint), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic database, video disks, etc., without first obtaining written permission from the publishers. The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.

The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publishers.

Richest Man in Babylon combines a simple premise with a mysterious title to drag the reader through 150 pages of drudgery that could be summed up in a couple of sentences: 1. Save 10% of everything you make. 2. Be smart not dumb 3. Invest the money you save. Despite George Clason's (the author) best, somewhat self serving, intentions Books like Richest Man in Babylon, Rich Dad Poor Dad, the Millionaire next door will never go away unfortunately. There is too much money to be made in writing them. Despite its flaw, The Richest Man in Babylon has some valuable lessons to offer. Don't forget the book is a classic written in 1926, so give it a try. Read more here - <https://www.bookscharming.com/> ...more. With one of the greatest engineering accomplishments of this or any other day, Babylonian engineers diverted the waters from the river by means of dams and immense irrigation canals. Far out across that arid valley went these canals to pour the life giving waters over the fertile soil.
