Bushwomen: Tales of a Cynical Species

By Laura Flanders

Verso Books. Hardback. Book Condition: new. BRAND NEW, Bushwomen: Tales of a Cynical Species, Laura Flanders, From the US workplace to the international arena, the Bush administration has wrapped female-friendly rhetoric around some of the most hard-core policy since Ronald Regan. The bombing campaign in Afganistan was cast as liberation for Afghan women, and a push to roll back reproductive rights was characterized as "protection" for women and foetuses at home. We are now confronted with the strange spectacle of a near fundamentalist presidency - after decades of feminist struggle. There are more women in office now than during any other US administration. "Bushwomen" is a tale of a cynical species. The author Laura Flanders investigates how they rose to high office and where their real loyalties lie. There are savage portraits of all the women, including the real story behind Secretary of the Interior Gale Ann Norton - dubbed "The Woman from Marlboro Country" by her environmentalist foes; Labor Secretary Elaine Chao, who bullied union longshore workers to the benefit of her trading-with China family and friends; Condoleezza Rice and her passion for oil and football; Lynne Cheney's lesbian novel and suppression of her activist daughter; and how Karen Hughes...

Reviews

It is an remarkable ebook which i have possibly read. It really is packed with wisdom and knowledge Its been printed in an extremely easy way which is only after i finished reading through this pdf by which really altered me, alter the way i believe.

-- **Dr. Nikolas Mayer**

Great electronic book and useful one. It can be writter in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

tales of a cynical species. by Laura Flanders. Published 2004 by Verso in London, New York .Â "The Bushwomen - the women appointed to the inner circle of the president's cabinet and sub-cabinet - are cast in the public mind as moderate, malleable, maverick, irrelevant or benign. Their carefully crafted images tap into stereotypes, while the reality of their records has remained out of sight until now." "This is the first book to investigate Bush's women, and to report on how they rose to power and what they've done. These Bushwomen come immaculately conservative in dress and ideology. They believe in US imperialism, in trade advantages for US farmers, in repealing equality laws. They can always be depended on to stand by their Main Man as he moves towards a harder anti-abortion position and a tough line on gays. Bright and ambitious, they ride fast with Rumsfeld and Cheyney and the rest of the Republican cowboys. But always as girlies.Â If the Bushwomen succeed in getting Bush another term - and they are clever and manipulative enough to do that - the world may as well switch off and give up. Yasmin Alibhai Brown's 'Who do we think we are?' is published by Penguin. More about Includes bibliographical references and index. Introduction: Winning women -- Sweetness and light: Condoleezza Rice -- Cover girl: Karen Hughes -- FLAVR SAVR: Ann Veneman -- First daughter for the first son: Elaine Chao -- Don't cry for Christie: Christine Todd Whitman -- Marlboro woman: Gale Ann Norton -- Conclusion: Sisters. "The Bushwomen - the women appointed to the inner circle of the president's cabinet and sub-cabinet - are cast in the public mind as moderate, malleable, maverick, irrelevant or benign.
