This is a list of articles and books related to banks and banking accounting and management. Banking Bibliography. Provided by James R. Martin, Ph.D., CMA Professor Emeritus, University of South Florida. Cash and Credit Main | Debt | Service Industry Accounting. Abdallah, A. A. and W. Li. 2008. Why did ABC fail at the Bank of China? Management Accounting Quarterly (Spring): 7-14. Abel, A. S. and I. A. MacKay. 2016. Money laundering: Combating a global threat. This book examines the macro and micro-prudential regulatory frameworks and systems of the United Kingdom, Australia, the United States, Canada and Germany. Drawing on the regulator frameworks of these regions, this book examines the central banks' roles of crisis management, resolution and prudential regulation. ...more. Alison Lui compares the institutional Canadian model. The book also discusses the extent the central banks in these
