Selected Secondary Sources A Section of the Sourcebook devoted to secondary articles on the subjects covered by the source documents. Its arrangement mirrors that of the primary source pages. Medieval Source Projects A Section of the Sourcebook devoted to presentation at this site, or links to other sites, of projects (longer papers, dissertations, theses) which are based on and/or include editions of primary sources. Medieval Legal History A Section of the Sourcebook bringing together, and organizing, all the texts on the history of law. Although initially the similarity of the contents of a book like Tierney’s The Middle Ages and the collections of ninety years ago was striking, this is no longer the case. In its early stages the main principle of selection here was been availability of texts. See what's new with book lending at the Internet Archive. Echoes of the past about California.
