Icons of Men's Style. Every clothing item you have in your wardrobe had to start somewhere, and that is what this book is about. Josh Sims does an excellent job of pinpointing the crucial icons of men's style as well as giving us the detailed history of design and which particular companies shaped the way men dress today. This book is filled with photos of stunningly dressed men, many of them being classic film stars. The book proceeds to go very in-depth with recollections of the man himself and the countless anecdotes from designers, style influencers, sports legends, and even some sneaker fans who knew or were influenced by him. If you are in any way interested in the culture of Adidas sneakers, sports, and pop culture, this book will be a perfect read for you.
