In this timely, provocative, and uplifting journey, the bestselling author of Walking the Bible searches for the man at the heart of the world’s three monotheistic religions and today’s deadliest conflicts. At a moment when the world is asking ‘can the religions get along?’ one figure stands out as the shared ancestor of Jews, Muslims, and Christians. Abraham.

If my previous experience in the region involved a journey through three continents, five countries, four war zones—this would be a journey through place and time—three religions, four millennia, one never-ending war. I would read, travel, seek out scholars, talk to religious leaders, visit his natural domain, even go home to mine, because I quickly realized that to understand Abraham I had to understand his heirs. And there are billions of those. Despite countless revolutions in the history of ideas, Abraham remains a defining figure for half the world’s believers. Muslims invoke him daily.

Bruce Feiler set out on a personal quest to better understand our common patriarch. Traveling in war zones, climbing through caves and ancient shrines, and sitting down with the world’s leading religious minds, Feiler uncovers fascinating, little-known details of the man who defines faith for half the world. Both immediate and timeless, Abraham is a powerful, universal story, the first-ever interfaith portrait of the man God chose to be his partner. Thoughtful and inspiring, it offers a rare vision of hope that will redefine what we think about our neighbors, our future, and ours.
