## The Conquest of Paradise: Christopher Columbus and the Columbian Legacy

[Kirkpatrick Sale](#)

### Description

Christopher Columbus' arrival on a small Bahamian island in 1492 is often judged to be a defining moment in the history of mankind, changing forever the map of the world. Kirkpatrick Sale offers readers a unique take on Columbus and his legacy, separating the man from the legend. Sale also looks at the global consequences of the discovery, revealing the colossal impact this brief moment in history had not only on a continent but also on the world. Now with a new introduction by Sale, this classic book is being re-issued for the 500th anniversary of Columbus' death in the heart of Castille.
